

Buy Local and Green

You already buy healthy, locally grown food for your family. Now join PCC Natural Markets and local utilities in promoting clean, green electricity for your home. Green power comes from Northwest renewable energy sources that don't pollute, such as the wind and the sun. Green power is available for electric customers of Seattle City Light and Puget Sound Energy and starts for as little as a few dollars per month.

SPECIAL OFFER!

Enroll your home in a green power program and get a **FREE** organic cotton tote bag and a \$10 gift card from PCC Natural Markets.

Watch your mail for more information, pick up a brochure at any PCC store, or contact your electricity provider:

Seattle City Light

(greenup@seattle.gov or 206-684-3000)

PUGET SOUND ENERGY

(energyadvisor@pse.com or 1-800-562-1482).

Listen to KMTT 103.7 FM this fall for special Mountain Green Reports on the latest in environmental topics, including green power.

This special promotion expires January 31, 2006.
